When we return, Sandlot will be on for a Movie in the Morning, followed by lunch and a Watermelon Seed Spitting Contest. Come for the watermelon, even if you don't want to spit the seeds!

Got a Movie in Mind? Let us know in the Activity Binder!

Screen Door Update!

Many residents have asked about the screen doors, so we just wanted to touch base. The screens are being custom made for our communities. However, since they are custom made, they are installing them as they are made. They're putting in about 10 at a time. They will continue to work on them through the summer, but we do not have an end date as of now. We will continue to update you as we get more information!

Nurse's Corner

This month, the Nurse's office wants to remind everyone about appointment protocol. Unfortunately, we are unable to schedule transportation for appointments 24 hours out. We have grown so much in the last year, and with that comes some growing pains. To make sure that we are doing our part to accommodate everyone fairly, we ask that appointments be scheduled with the front office one week out, at the minimum. As a reminder, we do run transportation on Tuesday's and Wednesday's from 9:30 to 2:30. If you can help us out with communication we can all work together to make sure everyone is assisted in the best way possible! Additionally, if you visit a doctor, no matter the reason, please make sure to take a form with you from the Front Office. These forms give the opportunity for the doctor to communicate directly with our staff about any changes, notes, or diagnoses that may come up. When these forms are used, we can assure that the office is taking care of everything that needs to be, so you can be in your best health! To get one of these forms, just stop by the front desk on your way out, and anyone up there can print one out for you!

Thank you for your help in making Grace the best!

"The doctor will be with you in a few minutes. He's trying to figure out what disease goes with your insurance."
