## Veteran's Coffee

November 15<sup>th</sup> at 2:00 PM Once a month, we are going to hold a Veteran's Coffee Hour in the Bistro. This is for all retired service members to come, have a cup of coffee, swap stories and memories from such a significant time of your life.

## Grow a Mo, Bro

This November, you may notice that a lot more men than usual are sporting beards and moustaches. These facial hair aficionados may be following the premise “Grow a Mo, Save a Bro,” in honor of Movember, a worldwide movement of growing facial hair to raise awareness of men’s health issues.

The Movember movement began in a bar in 2003, when two Australian men, Travis Garone and Luke Slattery, shared a beer and a laugh over the demise of the moustache. It seemed as if that particular piece of facial hair’s heyday was long over. Moustaches

had not just fallen out of fashion, but they were deemed corny. Inspired by a friend who was fundraising for his mother’s breast cancer, these two friends decided that they would grow big and funny moustaches as a fundraiser for men’s health issues such as prostate cancer. They would ask people to donate 10 dollars per moustache. Before long, they had found 30 friends willing to grow a “mo” in support of their cause. Today, their worldwide moustache movement numbers five million “mo bros,” and over the past 15 years, they have raised \$837 million to combat men’s health problems such as prostate and testicular cancer, mental health problems, and suicide prevention. Thanks to Movember, many men are living longer and healthier lives.

Men can join Movember by growing a moustache, and women can support the men who choose to grow a mo. You can also support the movement by just explaining why you’ve chosen to grow a moustache. Many men will kick off the month of Movember with a “shave down” event, where they gather over dinner or drinks and shave their faces as a group, beginning their month of growing their moustaches as a team. Whether you grow a handlebar, a walrus, a goatee, or a pencil moustache, your facial hair will help prevent men from dying too young.

## Pride of the Pilgrims

In 1620, the pilgrims departed England on the *Mayflower*, looking for religious freedom in the New World. They had contracted with the Virginia Company to establish a colony in Virginia, but storms drove their ship far off course, and they landed instead on what is now Cape Cod. Far from Virginia, the pilgrims aboard the *Mayflower* began to argue that they were no longer bound to the laws of Virginia Company. Pilgrim leader William Bradford knew that without laws the colonists would turn against themselves. And so, on November 11, 1620, the colonists signed the Mayflower Compact, a set of laws establishing order within their new colony. It fell upon Myles Standish, as chief military officer, to enforce the compact. Historians now believe that it was this document that allowed the colonists to work for each other and survive that first, harsh winter. The Mayflower Compact remains the first document that established self-government in the New World and is regarded as the earliest successful example of democracy in the colonies.

## Easy-Baked Success

On November 4, 1963, the Kenner toy company introduced the Easy-Bake Oven, a real baking oven for children that was powered by nothing more than a lightbulb. Toy salesman

Norman Shapiro was inspired after taking a trip to New York City, where he saw street vendors heating their pretzels with lightbulbs. Inventor Ronald Howes was tasked with turning the idea into reality, which he did by using two 100-watt bulbs. Despite a high price tag of \$15.95, which is equivalent to \$127 in today’s marketplace, the toy was a hit, selling half-a-million units in its first year alone. Now, over 50 years and 10 different designs later, it remains popular.
