## SOME NEWS FROM HARLEIGH

I want to personally thank all the residents and resident family/friends for being so patient during this pandemic (COVID 19). This has been completely unprecedented, and I am eternally grateful for everyone being so understanding during the past few months.

We are keeping our fingers crossed that we will be able to begin to open the facility back to "normal" some time within the later half of June. We will still be following the guidelines of Governor Little, as well as the Department of Health and Welfare. We will let the residents and your families know as soon as we receive the green light to allow visitors.

I promise, you will be the first to know!!

If anyone ever has any questions, please do not hesitate to ask. I will gladly answer anyone's questions or concerns.

Thank you for being the best Residents I could ever ask for! HARLEIGH

## NURSING NEWS

Nurse Chelsea wants to remind everyone that even though things are improving and opening up a bit it is still very important to be safe! Wearing masks when going out, washing hands frequently and practicing good safety measures continue to be so important! Also as the weather starts to warm up it is very important to stay hydrated, so remember to try and drink plenty of fluids, especially water. Thank you all for being the best! Have a Healthy Month!

## ACTIVITY NEWS

Happy June to everyone! 😊 As Harleigh mentioned we are very hopeful to be able to resume our shopping trips, outings and music programs toward the middle or end of June! We will also welcome back Kevin (Gospel Group) and Paul (Bible Study) Remember the sign up book for shopping, outings etc... is at the reception desk (sign up) See you in Activities, Randy 😊

## CONGRATULATIONS

Congratulations to JENNY D. Employee of the Month for MAY! Thank you to Jenny for being a great team player, picking up extra shifts to fill in, keeping a positive attitude when times get stressful, and making sure residents are well cared for and needs met!

A GREAT BIG THANK YOU FROM THE MANAGEMENT TEAM
